	Chapter	Chapter name	Labs
1	Chapter_4	Building a Wireless LAN	Configuring a Wireless LAN Controller (WLC) I
2	Chapter_4	Building a Wireless LAN	Configuring a Wireless LAN Controller (WLC) II
3	Chapter_4	Building a Wireless LAN	Logging into a Wireless LAN Controller (WLC)
4	Chapter_4	Building a Wireless LAN	Wireless LAN Controller (WLC) RADIUS server configuration I
5	Chapter_4	Building a Wireless LAN	Wireless LAN Controller (WLC) RADIUS server configuration II
6	Chapter_4	Building a Wireless LAN	Wireless LAN Controller (WLC) dynamic interface configuration I
7	Chapter_4	Building a Wireless LAN	Wireless LAN Controller (WLC) dynamic interface configuration II
8	Chapter_4	Building a Wireless LAN	Wireless LAN Controller (WLC) WLAN configuration I
9	Chapter_4	Building a Wireless LAN	Wireless LAN Controller (WLC) WLAN configuration II
10	Chapter_4	Building a Wireless LAN	Wireless LAN Controller (WLC) WLAN security configuration I
11	Chapter_4	Building a Wireless LAN	Wireless LAN Controller (WLC) WLAN security configuration II
12	Chapter_4	Building a Wireless LAN	Monitoring a Wireless LAN Controller (WLC) I
13	Chapter_4	Building a Wireless LAN	Monitoring a Wireless LAN Controller (WLC) II
14	Chapter_4	Building a Wireless LAN	Wireless LAN Controller (WLC) DHCP configuration I
15	Chapter_4	Building a Wireless LAN	Wireless LAN Controller (WLC) DHCP configuration II
16	Chapter_6	Basic IPv4 Access Control Lists	Standard ACL
17	Chapter_7	Named and Extended IP ACLs	Extended ACL I
18	Chapter_7	Named and Extended IP ACLs	Extended ACL II
19	Chapter_7	Named and Extended IP ACLs	ACL I
20	Chapter_7	Named and Extended IP ACLs	ACL II
21	Chapter_7	Named and Extended IP ACLs	ACL III
22	Chapter_7	Named and Extended IP ACLs	ACL IV
23	Chapter_7	Named and Extended IP ACLs	ACL V
24	Chapter_7	Named and Extended IP ACLs	ACL VI
25	Chapter_7	Named and Extended IP ACLs	ACL Analysis I
26	Chapter_7	Named and Extended IP ACLs	Named ACL I
27	Chapter_7	Named and Extended IP ACLs	Named ACL II
28	Chapter_7	Named and Extended IP ACLs	Named ACL III
29	Chapter_10	Securing Network Devices	Securing VTY lines with an ACL I
30	Chapter_10	Securing Network Devices	Securing VTY lines with an ACL II
31	Chapter_10	Securing Network Devices	Securing VTY lines with an ACL III
32	Chapter_10	Securing Network Devices	Securing VTY lines with an ACL IV
33	Chapter_10	Securing Network Devices	Disabling HTTP/HTTPS access

34	Chapter_10	Securing Network Devices	Configuring a login banner
35	Chapter_10	Securing Network Devices	Configuring a MOTD banner
36	Chapter_10	Securing Network Devices	Configuring an EXEC banner
37	Chapter_10	Securing Network Devices	Switch hardening configuration I
38	Chapter_10	Securing Network Devices	Switch hardening configuration II
39	Chapter_11	Implementing Switch Port Security	Path Troubleshooting III
40	Chapter_11	Implementing Switch Port Security	Port Security
41	Chapter_11	Implementing Switch Port Security	Configuring Switch Security I
42	Chapter_11	Implementing Switch Port Security	Configuring Switch Security II
43	Chapter_11	Implementing Switch Port Security	Switch Security II
44	Chapter_11	Implementing Switch Port Security	Switch Security III
45	Chapter_11	Implementing Switch Port Security	Switch Security IV
46	Chapter_11	Implementing Switch Port Security	Port security auto-recovery I
47	Chapter_11	Implementing Switch Port Security	Port security auto-recovery II
48	Chapter_12	DHCP Snooping and ARP Inspection	DHCP snooping
49	Chapter_12	DHCP Snooping and ARP Inspection	Dynamic ARP inspection
50	Chapter_12	DHCP Snooping and ARP Inspection	DHCP snooping configuration I
51	Chapter_12	DHCP Snooping and ARP Inspection	DHCP snooping configuration II
52	Chapter_12	DHCP Snooping and ARP Inspection	DHCP snooping verification I
53	Chapter_12	DHCP Snooping and ARP Inspection	DHCP snooping verification II
54	Chapter_12	DHCP Snooping and ARP Inspection	Dynamic ARP inspection configuration I
55	Chapter_12	DHCP Snooping and ARP Inspection	Dynamic ARP inspection configuration II
56	Chapter_12	DHCP Snooping and ARP Inspection	Dynamic ARP inspection verification I
57	Chapter_12	DHCP Snooping and ARP Inspection	Dynamic ARP inspection verification II
58	Chapter_13	Device Management Protocols	Network Discovery I
59	Chapter_13	Device Management Protocols	Network Discovery II
60	Chapter_13	Device Management Protocols	NTP Configuration I
61	Chapter_13	Device Management Protocols	NTP Configuration II
62	Chapter_13	Device Management Protocols	NTP Configuration III
63	Chapter_13	Device Management Protocols	Terminal Monitor
64	Chapter_13	Device Management Protocols	Cisco Discovery Protocol (CDP) Configuration I
65	Chapter_13	Device Management Protocols	Cisco Discovery Protocol (CDP) Configuration II
66	Chapter_13	Device Management Protocols	Link Layer Discovery Protocol (LLDP) Configuration I
67	Chapter_13	Device Management Protocols	Link Layer Discovery Protocol (LLDP) Configuration II

68	Chapter_14	Network Address Translation	Configuring NAT I
69	Chapter_14	Network Address Translation	Configuring NAT II
70	Chapter_14	Network Address Translation	NAT Configuration I
71	Chapter_14	Network Address Translation	Configuring NAT III
72	Chapter_14	Network Address Translation	NAT Configuration II
73	Chapter_14	Network Address Translation	NAT Configuration III
74	Chapter_14	Network Address Translation	NAT Configuration IV
75	Chapter_14	Network Address Translation	NAT Configuration V
76	Chapter_14	Network Address Translation	NAT Configuration VI
77	Chapter_14	Network Address Translation	NAT Configuration VII
78	Chapter_17	SNMP, FTP, and TFTP	Booting a New Router IOS
79	Chapter_17	SNMP, FTP, and TFTP	Setting the Configuration Register
80	Chapter_17	SNMP, FTP, and TFTP	Ignoring the Startup-config File
81	Chapter_17	SNMP, FTP, and TFTP	Migrating to a New IOS Image
82	Chapter_17	SNMP, FTP, and TFTP	IOS Verification
